

7.2: Physical Resources Sharing on Regular Basis

The college actively participates in the College Cluster initiative by sharing physical resources with members of the cluster to ensure optimum utilization of available facilities. As part of this collaboration, the college has shared Kabaddi mats with **GDC Dhami** at 16 Mile College to support sports activities and promote inter-college participation in traditional games. In addition, the college collaborates with the **JLN Govt. College of Fine Arts** for creative and aesthetic support during institutional events. Paintings and artwork are requested and displayed for the decoration of venues during seminars, conferences, workshops, and other academic events. This collaboration enhances the visual appeal of academic programs and encourages artistic exchange among institutions. Such regular sharing of resources strengthens inter-institutional cooperation, promotes efficient utilization of physical infrastructure, and enriches the academic and cultural environment of the participating colleges.
